We strive to help each child develop his or her social emotional, cognitive, communication and motor skills to the best of their ability. Our center emphasizes positive relationships and building each child's self-esteem, self-confidence, and positive relationships with peers and adults. We believe that all children are capable of greatness and can reach their fullest potential given a supportive, loving, risk-taking environment where creativity and curiosity are encouraged. # Curriculum and Special Activities

## **Curriculum**

We believe that young children best learn by guided exploration through play with some direct instruction. Therefore, our daily schedule reflects a balance of exploratory learning, small group work, and whole group learning opportunities. We use the ABC Jesus Loves Me curriculum. This research-based curriculum encourages play based learning with a focus on social, emotional, and physical development. A sample daily schedule for each age level has been provided at the end of this handbook.

## **Enrichment Activities**

Bear cave learning center believes in providing children with enriching and engaging experiences. We occasionally schedule special presentations by people in our community to provide additional educational opportunities to the children. Fire fighters, police officers, and military servicemen and women have been invited to speak at Bear cave learning center. Parents will be notified in writing in advance of these visits and can opt out of having their child participate if desired. An alternate activity will be provided on these occasions.

## **Indoor/Outdoor Physical Activities**

At Bear Cave learning center we believe that learning happens best through active play and exploration both indoors and outdoors! We will have many outdoor activities in our playground area they are designed to help children build coordination, strength, and confidence. From obstacle courses, ball games, swinging, or just climbing on our playground--your child will love being active in the fresh air while learning important social and motor skills. Indoors, in the class rooms children will enjoy a wide range of hands on learning experiences. Activities might include sensory bins, music and movement, creative arts and story time.

In extreme weather conditions that may pose a significant health risk or limits outdoor play we will use the gym at our church if available or stay in classrooms to enjoy special activities inside (dance party, musical chairs, paper basketball, etc..) If it is 98 degrees or above children will stay inside, and for cold weather we will not all children outside if its below 45 degrees. We recommend sending your child in closed toed shoes and comfortable clothing for indoor and outdoor activities. In cold weather children should be sent in proper clothing including jackets, pants, etc.. We will apply sunscreen/bug spray upon parents request with a medicine log sheet filled out and parents must fill out a permission slip form.

## **Birthdays**

Cupcakes or cookies can be sent in for your child's birthday with advanced notice of at least one week. All treats must be store bought and may not be homemade due to the health policies of the state of Texas for daycares. Please do not send in a whole cake as this is difficult to serve. You may also send in one juice box per child. Parents will be notified in advance of upcoming birthday parties and will be required to provide an alternate snack for children with food allergies.
